Connecting Europe & Asia

EURIVANTA

EUROPE - ASIA PARTNERSHIPS

More than sourcing.
A long-term business partnership.

EURIVANTA connects selected Asian manufacturers and brands with European importers, distributors and retailers. We turn customer requirements into sourcing projects and support the coordination needed to bring products to market.

Product Sourcing

Relevant products.
Suitable manufacturing partners.

OEM / Private Label

Branding, packaging and configuration coordination.

Supply Chain

Supplier communication, order follow-up and logistics.

EU Import Support

Support with compliance documents and import needs.

Market Development

Helping selected brands develop European opportunities.

EURIVANTA

OEM / PRIVATE LABEL FLEXIBILITY

One model. More possibilities.

Our manufacturing partners can adapt speaker configurations to customer needs. We help align available options with your target market, performance requirements and budget, then coordinate an agreed specification before ordering.

HOW TO READ L MODELS

An L suffix identifies an alternative configuration of the same model.
Compare the listed specifications to select the version that fits your brief.

1. **Your brief** — Market / performance / budget
2. **Option review** — Configuration discussion
3. **Agreed specification** — Confirmed before ordering

Options depend on the model and project requirements.
